ISSUES

- **TRADOC Reg 350-10, date 12 Aug 2002, P 24, para 5-4**

 - **(1) An additional 12 months may be granted for cogent reasons by the first general officer in the soldier's chain of command.**

ISSUES

However, soldiers must begin BNCO branch-technical training within 36 months of completing common core Phase I training. Soldiers will report to school with a copy of the approved waiver and the DA Form 1059 indicating successful completion of Phase I.**
- **(2) An additional 12 months (added to the 36 months) may also be granted by the first general officer in the chain of command for a reclassification training requirement incurred following completion of common core training (soldier must start branch-technical training within 48 months of completing common core training).**

ISSUES

- **(3) Any AC/RC soldier that exceeds their maximum waiverable NCOES time line attendance windows, as applicable, must submit an exception to policy through the first general officer in the soldier's chain of command, to Commander, TRADOC, ATTN: ATTG-I.
